

Europe Geography Project

Due: Monday, Sep 19, 2022

Task: Europe is the second smallest continent, but the third most populous. It is home to many people with a variety of cultures. Europe is also a land of many natural wonders. Your task is to create a virtual tour of Europe using Google Earth that will highlight some of what Europe has to offer for visitors.

Questions to answer for physical features:

1. What is the general location of the physical feature. Ex of how to give general location: Georgia is north of Florida and borders the Atlantic Ocean to the east.
2. Why is your physical feature important to the people who live nearby?
3. What animals can be found at your physical feature?

Questions to answer for chosen cities:

1. What is the exact location of your chosen city?
2. Why was your chosen city built in it's current location?
3. What is a famous location/landmark within your chosen city?
4. What's a popular restaurant and dish I can eat if I were to visit the city?

FLIP OVER FOR RUBRIC

Rubric Checklist: Total points that can be earned for this project is 130 points.

Location	Placemark in correct location (3 pts)	3-5 sentences answering questions (5 pts)	Picture added for each location (2 pts)
